The Cavendish School will support every student as an individual to develop and flourish to the best of their ability, academically, socially, emotionally and personally.

Welcome from Stephanie Smith Head of School

Thank you for your interest in joining The Cavendish School. While we have only been open a short time, we are proud to have built a vibrant, inclusive, and forward-thinking community of pupils, staff, and families. In March 2024, we were delighted to receive an Outstanding Ofsted rating, and we are honoured to be recognised as the world's first International Baccalaureate (IB) special school — a reflection of our commitment to innovation and excellence in autism education.

The Cavendish School is Cambridgeshire's first state-maintained special free school for autistic pupils. Our mission — enabling the self — is rooted in empowering our pupils with the skills, confidence, and self-awareness to take their place in the world. We have a strong ethos and culture that drives everything we do and underpins the positive impact we are able to have on our pupils and their families.

Our core aim is to provide a safe, nurturing environment paired with inclusive, high-quality education and support. We are committed to enabling all pupils to thrive academically while progressing in their personal development journeys. What makes The Cavendish School truly unique is our enriching curriculum and educational environment, specifically designed to meet the needs of autistic pupils. We continually ask ourselves why each element of our provision matters — both for education and for lifelong learning — to ensure every policy and decision is purposeful and impactful. As a trauma-informed school, we embed a therapeutic thinking approach throughout our practice, enabling pupils to feel safe, valued, and supported to engage fully in learning.

Our learning environment is designed to meet a wide range of needs. It includes therapy rooms, sensory regulation and relaxation spaces, life skills areas, and fully equipped facilities for the sciences and the arts. Pupils also benefit from our outdoor learning areas and forest school, ensuring that education extends well beyond the classroom.

We are now seeking a therapy assistant to join our team — someone who is passionate about working within a whole-school, inclusive approach and contributing to a supportive, positive school community. Whether you are aspiring to move into the field or highly experienced, we will provide the right supervision and professional development to help you grow and thrive in your role.

We want the child to be at the centre of everything we do no matter how challenging that may be. Autism must be viewed as a different way of thinking and processing the world; one that provides unique insights and skills that we need in an ever-developing climate of society and work.

If you are as passionate about providing and maintaining an inclusive and whole person educational environment as we are, if you are motivated to make a lasting difference in the lives of autistic pupils and their families, and if you are ready to be part of a unique and ambitious specialist school, then I would be delighted to receive your application.

We welcome applications from individuals with a range of backgrounds and experiences. If you would like more information about the school or the role, please feel free to contact us at HR@tcs.tela.org.uk.

We are open to applications from a variety of backgrounds.

Stephanie Smith
Head of School and Director Autism for ELA

About The Cavendish School

The Cavendish School (TCS) is a pioneering Autism Specialist school located in Cambridgeshire. As the county's first state-maintained special free school for autistic pupils, we were founded with a clear vision: to offer families a truly inclusive, local school where autistic young people can thrive in a therapeutic, enriching, and specialised environment.

Our ethos is encapsulated in the phrase 'Enabling the Self', which speaks to our belief in the potential, agency, and individuality of every pupil. We know and recognise that too many autistic children and adults face considerable challenges — not just in education, but in building independence, self-esteem, and a meaningful place in society. Many struggle to come to terms with their identity in a world that too often misunderstands or excludes them. We are determined to change that narrative. At The Cavendish School, we aim to ensure that each of our pupils grows in confidence, self-awareness, and strength — walking tall and proud, knowing that their voice matters and that they have real, exciting opportunities ahead of them. Our pupils are not defined by their diagnosis, but empowered by the support and recognition they receive.

We provide a unique curriculum and educational environment, specifically tailored to meet the needs of autistic pupils. At the heart of our approach is the International Baccalaureate (IB) framework, which promotes inquiry-based, holistic learning. Pupils in Years 3 to 8 follow the Primary Years Programme (PYP), a transdisciplinary model that encourages real-world connections, independent thinking, and the development of international-mindedness. The curriculum is underpinned by a belief in pupil voice, choice, and ownership — giving learners the tools to engage meaningfully with their education and the wider world.

From Year 9 onwards, pupils begin a curriculum focused on preparing for adulthood (PfA), designed to support their development into independent, confident individuals. This continues through Years 10 and 11, where pupils can access up to nine qualifications, including GCSEs and Level 1/2 courses, carefully selected to reflect their interests, strengths, and aspirations.

Our Post-16 provision is both bespoke and aspirational. Through a collaborative model with The Open University, our pupils are able to specialise in areas of deep personal interest and begin studying towards a Certificate of Higher Education, equivalent to the first year of a degree. This innovative approach ensures that pupils can pursue ambitious academic goals in a supportive, autism-specialist setting — preparing them for further study, employment, and lifelong learning.

Our physical environment is just as unique. Purpose-built to support regulation, wellbeing, and engagement, our school includes therapy rooms, calming sensory areas, individualised learning spaces, and specialist rooms for life skills, science, and the arts. Outdoor learning is an integral part of our offer, with forest school and recreational spaces helping pupils reconnect with nature and develop important personal and social skills. We are a trauma-informed school, guided by a therapeutic thinking approach that underpins every decision we make — from curriculum design to policies and daily interactions. We continuously ask ourselves: Why is this important to education and lifelong learning? This reflective practice ensures that our support is meaningful, inclusive, and genuinely impactful.

Our team is made up of passionate, skilled individuals from a range of educational, therapeutic, and clinical backgrounds. We value flexibility, creativity, and a deep respect for neurodiversity. We see autism not as a limitation, but as a different way of thinking and processing the world — one that offers unique insights and skills that are increasingly essential in today's evolving society.

As part of the Eastern Learning Alliance, we work closely with a network of like-minded schools and colleagues, strengthening our offer and ensuring continued innovation in special education.

About the Eastern Learning Alliance

The Eastern Learning Alliance (ELA) was formed in 2020 following the merger of Cambridgeshire Educational Trust (CET) and Morris Education Trust (MET), creating a strong local multi-phase/setting MAT rich in our distinctive values.

The ELA Trust is a small purposeful family of schools, each with its own distinct identity which, combined, offer more choice than any other group of schools, enabling every student to pursue their dreams and passions. As our Trust grows, each school will retain that identity but share the same values and standards of academic rigor, excellent extra-curricular opportunities and exceptional arts and performing arts.

What makes ELA so very different is that it is born out of an alliance between two existing trusts, not out of a need for one school to grow. Our joint commitment is to being proudly international and internationally minded, serving a diverse community of families from Cambridge, across the UK and overseas, facilitated by our host family network, with a broad, specialist and inclusive provision.

We are a trust with an excellent track record in inclusion and special needs that has as its core vision the drive to 'build a better world through education'.

ELA-Active

Our schools are proud of their community work. This includes on-site sports/leisure provision, adult learning and lettings which bring in many varied groups across the year. We recognise that the 'non-school' elements of the village college are no less important than the 'school' and require their own leadership and management. Therefore the Trustees have created a subsidiary company (which is still part of ELA) called 'ELA-Active to oversee and operate the 'non-school' elements. To ensure this works well, an agreement is put in place to manage the facilities best for the benefit of both 'school' and 'non-school'.

What we can offer you

You will be joining a relatively new MAT at an exciting stage of its growth and development. We are passionate about the environment we create and how we look after our staff.

As a newly appointed member of staff, we can provide you with:
